ORIGINAL RESEARCH.

The laboratory is able to offer a small number of rooms to investigators at low rates. The charge for a private room is \$25.00 per month; or \$50.00 for the season. All the facilities of the laboratory—including launch, boats, collecting apparatus and library—are at the disposal of investigators; but special apparatus or unusual reagents cannot be provided without extra charge. Persons engaged in research should bring microscopes for their own use. The instructors in Zoölogy and Botany stand ready to assist beginners in Investigation.
